## PROFILE

---

SAP-certified consultant (Implementation Consultant, End-to-End Business Processes) with PwC experience and a Master's in Strategic Management & Information Systems. I bridge business processes and technology: 4+ years of full-stack delivery, Agile project experience, and a track record of leading teams and events at scale (10+ workshops, 700+ participant conferences). Strong client communication in Arabic, English, and French.

## CONSULTING & PROJECT EXPERIENCE

---

**IT Consulting Intern, SAP S/4HANA** | PwC Algeria — Hydra 02/2026 – 07/2026

- Assisted in resolving 10 client-specific technical challenges by bridging legacy business processes and modern SAP Fiori standards through targeted documentation and tutorials.
- Earned SAP certification (Implementation Consultant End-to-End Business Processes for SAP Business Suite) during the engagement.
- Authored a Master's thesis on dual-framework SAP S/4HANA implementation governance (SAP Activate + PwC Transform) based on qualitative field research.

**Freelance Consultant & Developer** | ESMB (École Supérieure des Métiers du Bâtiment) 2026 – Present

- Scoped and negotiated a full institutional web project: requirements specification (cahier des charges), contract with change-management clauses, delivery planning, and end-to-end implementation.

**IT Team Lead** | Google Developer Group (GDG) — Médéa, Algeria 06/2021 – 04/2024

- Led 10+ events and workshops and trained 1,000+ attendees; organized DevFest 2023 with 700+ participants, managing volunteers, logistics, and sponsors.

**Web Developer** | KIG — Staoueli, Algeria 06/2024 – 03/2026

- Delivered client projects in a 5-developer Agile team, coordinating with UI/UX designers and stakeholders to keep execution on schedule.

**Web Development Mentor** | brainerX — Hydra, Algeria 03/2025 – 09/2025

- Trained 100+ students and junior developers; designed curricula and delivered structured feedback — transferable skills for change management and user enablement.

**Intern Web Developer** | Startup Ministry — Algiers, Algeria 04/2023 – 05/2023

- Improved ERP usability and performance with modular UI components and 8 optimized frontend features.

## EDUCATION
