PROFILE

Web developer with 4+ years building responsive, high-performing web apps with React and Node.js. Comfortable owning the full cycle translating designs into clean, typed code, integrating APIs, containerizing, and shipping to production on self-managed Linux infrastructure. Strong communicator (mentored 100+ developers) who thrives in remote, Agile teams.

EXPERIENCE

Freelance Full-Stack Developer | ESMB (École Supérieure des Métiers du Bâtiment) 2026 – Present

- Designing and building an institutional website end-to-end: React 18/Vite frontend, Payload CMS, Express and PostgreSQL backend, including student inscription management and a custom admin interface.
- Own the full delivery cycle solo requirements specification (cahier des charges), architecture, multi-stage Docker builds with nginx, and deployment.

Web Developer | KIG — Staoueli, Algeria 06/2024 – 03/2026

- Built responsive, scalable React applications alongside UI/UX designers and a team of 5 developers on partnership-driven client projects.
- Worked in Agile workflows (sprints, reviews, tight execution), translating Figma designs into production interfaces.

IT Consulting Intern, SAP S/4HANA | PwC Algeria — Hydra 02/2026 – 07/2026

- Helped resolve 10 client-specific technical challenges bridging legacy processes and SAP Fiori standards through technical documentation and tutorials.

Web Development Mentor | brainerX — Hydra, Algeria 03/2025 – 09/2025

- Upskilled 100+ students across frontend (React) and backend (Node.js, Express, MongoDB) with hands-on exercises and personalized code reviews.

Intern Web Developer | Startup Ministry — Algiers, Algeria 04/2023 – 05/2023

- Improved ERP usability and performance with modular UI components and 8 optimized frontend features.
